Why or why not?

- The presenters are great people. I hope they and their focus will mature. Adding things like lawyers of victim services will not ameliorate the injustice and racism of things like overprotection & war on drugs. And may make them worse.

What in particular about this session would you like us to know about and why?

- Three terrific young people, though I think they're unaware of how little good can come from their work. Let alone how much harm.

What are your overall impressions about the faculty at this particular session?

- Wonderful, well-intentioned, and pretty seriously myopic and naïve. I think they're giving window dressing to unjust criminal justice practical's that should simply be abandoned. That should be the subject of their work.
